

Blasco Gourmet, official importer of the best organic product of Europe: Huelva de Dehesa Maladúa Ham

Blasco Gourmet is a company importing Spanish gourmet products in Belgium.

This month they are celebrating, since their friend and supplier of **Bellota Ibérico Ham**, Eduardo Donato, won the award for the **best organic product at the BIOFACH fair**, the biggest organic fair in Europe, with its ham from the Manchado de Jabugo breed.

Blasco Gourmet brings the delicatessen to the Belgian consumers along with other exclusive and surprising products: cava and edible gold jelly or gin-tonic jelly, luxury honey, limited editions of olive oil... Furthermore, during this month of March you can benefit from **a 20% discount on all of the wines in their web shop**, which you can access through [their webpage](#).
