

The Employment, Training and Entrepreneurship Department of the Spanish Chamber of Commerce would like to publicise its European internship programme once again: [Mobility Plan](#), through which young Spaniards have the possibility of accessing professional internships in companies in the European Union.

The Chamber would like to offer you the opportunity to host Spanish students of intermediate and higher education in different sectors for an internship within the framework of the **Erasmus+** programme for a period of 3 months.

Here are the profiles that host companies are currently looking for:

Areas:	Number of interships:
Microcomputer systems and networks	7
Electrical and automatic installations	1
Mechanization	2
Electromechanical	3
Education and Training Graphic Arts	1
Telecommunications Installations	3

You can request more information, as well as apply to join the programme via the following e-mail addresses: movilidad.pice@camara.es crisrina.gonzalez@camara.es

Erasmus+ is the European Programme that offers students the opportunity to carry out their compulsory internships in a company in the European Union, and, as in the case of the Mobility Plan, it also has a monthly remuneration depending on the country of destination. In addition, the program also provides participants with corresponding liability and travel insurance.
