

Job search for science & tech professionals in Spain and Belgium

This [Information Day](#) is organised by CEBE (Spanish Scientists Association in Belgium) and EURES Spain and it will take place on **January 27th 2022**

If you are a Belgian company related to the science & technological sector looking for employees, please contact CEBE through desarrollo.profesional@cebebelgica.es and send a summary of your company's activities and the profiles you are looking for **before 20 January**.

During the event, jobseekers will be able to:

- Be part of the transfer of talent between Spain and Belgium.
- Expand their knowledge about the diverse institutions related to job-seeking in both countries and existing programs to facilitate professional mobility.
- Discover the different positions offered by Spanish and Belgian companies for science & tech professionals.
- Meet companies from different sectors (Pharma, Medical Devices, IT, biotech...)
- Find tips to face the situation of job searching.

If you have a strong academic profile, useful information will be provided if you are considering continuing your careers in the private sector.

This online [event](#) will be held in English and is free for all the participants.
