EUROPE EDITION

*The leading European XR event*

**BRUSSELS, BELGIUM**

**18-20 OCT. 2023**

# **ABOUT STEREOPSIA**

# PUSHING BOUNDARIES SINCE 2009.

Stereopsia is an **international event** dedicated to **immersive technologies and content**. It is the ultimate gathering of entrepreneurs, investors, content creators, academics, and audiences seeking new voices and fresh perspectives.

With years of experience in the industry, Stereopsia is dedicated to promoting the XR industry and providing attendees with unparalleled access to industry leaders, cutting-edge technology, and valuable networking opportunities.

At Stereopsia, we're committed to innovation and pushing boundaries. Our forward-thinking approach has helped us shape the future of the industry and establish ourselves as a **key player in the XR community**.

Don't just take our word for it - our track record of success speaks for itself. We've been instrumental in promoting the XR industry in Europe and beyond, and have helped countless companies and individuals achieve their goals and make lasting connections.

# WHO ATTENDS STEREOPSIA?

**Extended Reality or XR is no longer confined to the realms of gamers and Gen Z.**

**Stereopsia tackles various verticals, so many sectors can be interested by the event.**

**Stereopsia attracts a widely international crowd, but also has a tradition of involving younger local audiences and students, with specific conferences, and training.**

We mainly target :  
**entrepreneurs** (tech industries, telecom, healthcare, retail, AEC, travel),  
**institutions** (e.g. museums, European Commission),  
tech and XR **investors**,  
technology **influencers**,  
**professors & students**,  
**engineers**,  
visual and sound **artists**,  
XR **creators** and **developers**, etc.

# SPONSORS & PARTNERS

Previous sponsors and exhibitors include

**Stereopsia EUROPE has strong Belgian roots and connections, as well as an amazing access to the European community, via our partner XR4Europe.**

**We give you the unique opportunity to connect and mingle with our ecosystems at the very heart of Europe, in Brussels.**

# MEET OUR ECOSYSTEMS

## BE Belgium

- > A Belgian-based and created event;
- > Local events to gather the Flemish & the Walloon XR ecosystems and create new synergies;
- > The promise of a strong Belgian XR ecosystem;
- > Exclusive connection with XR Valley (the Belgium XR association), and its community;
- > Strong presence of Belgian experts in XR, cinema, culture, and various industries.

## EU Europe

- > Exclusive connections with XR4EUROPE and its community, the new European pan-association for XR4EUROPE;
  - > Presence of European commissioners and representatives;
  - > Meetings and workshops towards a strategy for European regulations.
  - > Presentation of European consortiums, and projects.
- 

## XR4EUROPE ASSOCIATION

XR4Europe is Pan-European association that seeks to federate all the XR professionals, organisations and initiatives to support the development, promote, and represent XR innovation, industry and creativity made in Europe.

XR4Europe builds upon the H2020 project XR4ALL.

Value proposition:

- Facilitate startups & SMEs' access to funding
- Boost new collaborative XR projects in Europe
- Build bridges between XR users and XR solutions
- Promote the excellence of the European XR researchers, professionals, and creators
- Be the voice of the XR sector towards the European institutions and around the the world

*Celebrating the past, enabling the*

# THEMATIC & SCIENTIFIC CONFERENCES

## THEMATIC TALKS

The Conferences at Stereopsia feature several thematic tracks, that cover a wide range of topics and provide a platform for international experts to share their knowledge and insights, in panels, keynote presentations and workshops.

**European Matters**

**Tech & Industry | Academic & Research**

**Culture & Heritage | New Narratives**

## SCIENTIFIC CONFERENCE

The Scientific Conference at Stereopsia brings together academic researchers and industry professionals to discuss the latest advancements in the field of immersion technologies. The conference provides a platform for researchers to share their findings, present new ideas, and engage in discussions about the current state and future of the industry. This year, the Scientific Conference will be co-organized with EMRN and the Fraunhofer Institute.

## XR SHOWCASE & GENERAL AWARENESS

The XR Showcase offers professional participants, as well as the general audience the opportunity to experience immersive XR content firsthand, with demos ranging from educational applications to entertainment experiences. Exhibits include VR and AR headsets, interactive installations, and more. The XR Showcase runs for the 3 days of the event, and is totally free of charge.

# EXHIBITION AREA

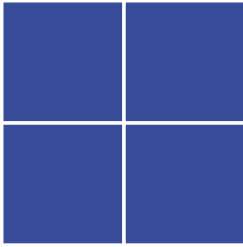

The exhibition area is a unique opportunity to explore the latest developments in the field of XR and to discover how these technologies are being used in various industries including healthcare, education, entertainment, and more. Attendees can try out new XR experiences and headsets, ask questions to industry experts, and network with other professionals in the field.

This year, there will be a Students Corner, for younger generations to showcase their early works and POCs, and to meet companies looking for the talents of tomorrow to join their teams.
