

OBITUARY

Juan López-Belmonte López, Chairman of our Benefactor Partner, Laboratorios ROVI, has just passed away.

With López-Belmonte goes an exemplary businessman, with a privileged intelligence, tireless in the search for advances in the pharmaceutical sector. But, above all, López-Belmonte has been a great family man and an excellent person.

From our Chamber we also pay tribute of admiration and affection to the former President of the Madrid Chamber of Commerce (2016/2018). He began his mandate when the Chamber was going through a critical moment and thanks to his leadership it emerged stronger.

Our condolences go to his wife, Mercedes, and his sons, Juan, Javier and Iván.
